

# Chesterfield and District Local History Society is recruiting a new team to take it forwards into the future.

Due to a combination of changing circumstances and long service, several members of the committee have confirmed that they are standing down at the next AGM, (which is likely to be in February 2022).

We are looking to put together a team of between 8-12 people. The skills needed ranges from chairing meetings, admin, booking speakers, representing the society at events, finance, social media, website and more besides.

If you have a passion for the history of the local area, enjoy helping unlock latest research and information and sharing that with the community then please do get in touch.
